SUPPLEMENT I
2012

FINE ART PRINTS

At the centre of May has always been a team who have a passion for art. Art has many different guises, but here at May we concentrate on bringing you the best. So when we say we are delighted to bring you this new supplement we really mean it.

Our team of art directors are continually watching international trends to be able to bring you our latest collection of interior inspired images that we all agree are absolutely stunning. Our portfolio of artists has once again grown so we feel there is a picture that is perfect for everyone, including you.

Our long experience of the industry is reflected in how we print, using the latest printing techniques, foils, lacquers and inks produces some of the best reproductions currently available. And not only are our colours vibrant and long lasting but eco-friendly too.

As a free enhancement to your print, we can also add a structure to the paper by imprinting a 'linen' or 'oil paint' texture.
A unique service at no extra charge!

We also carry a range of laminated canvas paper which is very durable and easy to stretch over bars. This range of prints is as vibrant as our standard line of prints, and often includes gold or silver foils.

Please take time to sit back, relax and enjoy our latest collection.

Circa 500 unserer Motive können Sie in Ihrer Wunschgröße als „Print on Demand“ bis zu 120 cm (kleinste Seite) erwerben. Sie können zwischen Leinwand, Fotopapier oder hochwertigem Kunstdruckpapier wählen; die Entscheidung liegt ganz bei Ihnen. Wir drucken digital mit geruchsneutralen Eco-Sol MAX-Tinten. Unter Verwendung von Silbermetallic-Tinte können wir die unterschiedlichsten Metallic-Farbtöne erzeugen. Auch hierbei stehen wir Ihnen gern beratend zur Seite.

Unsere Technik

EPSON 9900

Die über jahrzehntelang lichtbeständigen Epson UltraChrome HDR-Pigmenttinten arbeiten mit insgesamt elf Farben.

Zu den Grundfarben Cyan, Magenta, Gelb und Schwarz kommen noch Grün und Orange zum Einsatz und decken so einen größeren Farbraum ab.

Roland VersaCamm VS-540

Mit dem Roland VersaCamm VS-540 sind wir in der Lage mit acht Farben (cmYKLCmWMT) in einem flüssigen Arbeitsablauf digital Metallic und Weiß zu drucken. Gedruckt wird mit Eco-Sol Max-Tinten. Diese Öko-Solvent-Tinte bietet eine kurze Trockenzeit, hohe Farbdichte und eine breite Farbpalette. Die Tinte ist nahezu geruchlos und hat eine Lichtechtheit von bis zu drei Jahren bei Anwendung im Freien.

Seal 62Base

Auf Wunsch veredeln wir Ihre FineArt-Drucke mit hochwertigen, kratzfesten Laminaten mit satin-matter Oberfläche oder Schutzlaminat mit Sandoptik.

Papiere und Canvas-Materialien

Hochwertige Künstlerleinwand für wasserbasierende Farben und für den Solventdruck liefern brillante und kantenscharfe Druckergebnisse. Diese Materialien lassen sich gut verspannen und sind äußerst knickbeständig.

Over 500 of our prints can be custom ordered in your designated size and on your preferred material. Print-on-demand allows up to 120cm for the smallest side of an image. Here is an overview of our versatile high-quality equipment and materials for best results.

Technical Equipment

EPSON 9900

The EPSON 9900 printer provides the advantage of a broad, light-fast true to the original colour range. The highly pigmented inks render a sharp and brilliant image that keeps its colour for years.

Roland VersaCamm VS-540

For prints with metallic effects we use the Roland VersaCamm VS-540 printer which uses almost odorless eco solvent Eco-Sol MAX inks in a special process for shiny gold, silver, bronze or other metallic colours. These inks warrant for great long-lasting colours for in- and outside use of your print.

Seal 62Base

Should you wish extra protection of your prints i.e. due to outdoor use, we can seal your photo paper prints with Seal 62Base, a scratch-resistant laminate that comes with either a smooth satin or a sand textured surface.

Choice of Art and Canvas Papers

High quality art papers and canvas papers for water based colours and solvent print render sharp and brilliant images. The canvas materials are easy to stretch on bars and are very dent resistant.
